RULE 20

IMPRACTICABLE OPERATION

Nothing in this tariff shall require the carrier to perform any line-haul service or any pick-up or delivery service or any other service from or to or at any point or location where through no fault or neglect of the carrier, the furnishing of such services is impracticable because:

- a) The conditions of roads, streets, driveways, alleys, or approaches thereto would subject operations to unreasonable risk of loss or damage to life or property.
- b) Loading or unloading facilities are inadequate.
- c) Any force major, war, insurrection, riot, civil disturbance, strike, picketing or other labor disturbance would (1) subject operations to unreasonable risk of loss or damage to life or property or (2) unreasonably jeopardize the ability of the carrier to render line-haul or pick-up or delivery of any service from or to or at other points or locations.
- d) When carrier's employees or carrier's agents are precluded, for reasons beyond carrier's control, from entering premises where pick-up or delivery is to be made.
- e) When service is impractical for reasons stated in this rule, and service can be completed through the employment of services of third persons, see Rule 22.

RULE 21

RIGGING SERVICE

When because of the size or nature of the lading, it is necessary to utilize the service of a rigger, such service must be provided by the shipper, consignee or owner of the goods. If requested by shipper, consignee or owner, carrier will, as agent for them and at their expense, arrange for such rigging service, if available, but carrier assumes no responsibility for the activities or conduct of third persons, amount of their charges, nor for the quality or quantity of service furnished.

RULE 22

ADVANCED CHARGES

Charges advanced by carrier for services of others engaged at the request of the shipper will be supported by carrier with a copy of invoicing setting forth services rendered, charges and basis thereof, together with reference to applicable schedule or tariff if charges are assessed in accordance therewith. The charges so advanced are in addition to and shall be collected with all other lawful rates and charges.

When carrier engages the services of third persons at the request of and as agent for the shipper, carrier will not assume responsibility for their activities or conduct, amount of their charges, nor for the quality or quantity of service furnished.

RULE 30

(THIS SPACE INTENTIONALLY LEFT BLANK)

RULE 31 BASIS OF WEIGHT

- A) Loaded weight, Tare weight and Constructive Weight. The tare weight of each vehicle used in transportation under this tariff, shall be determined by having it weighed prior to the transportation of each shipment, without the crew thereon, by a certified weigh master or on a certified scale, and when so weighed the gasoline tank on each such vehicle shall be full and the vehicle shall contain all blankets, pads, chains, dollies, hand trucks, and other equipment needed in the transportation of such shipment. After the vehicle has been loaded, it shall be weighed, without the crew thereon, at point of origin of the shipment, and the net weight of the shipment shall be obtained by deducting the tare weight from the loaded weight. Where no adequate scale is available at point of origin, the loaded weight shall be obtained at the nearest certified scale in the direction of the movement of the shipment, or in the direction of the next pickup or delivery in case of part loads. If no adequate scale is available at origin, at any point enroute, or at destination, a constructive weight, based upon 7 pounds per cubic foot of properly loaded van space, may be used. Such a constructive weight also may be used for a part load where the circumstances are such that its scale weight could not be obtained at origin, enroute or at destination without first unloading it or part loads being carried in the same vehicle.
- b) Part loads. In the transportation of part loads, this rule shall apply in all respects, except that the gross weight of a vehicle containing one or more part loads may be used as the tare weight of such vehicle as to part loads subsequently loaded thereon. A part load for any one shipper not exceeding 1000 pounds may be weighed on a certified scale prior to being loaded on the vehicle.
- c) Weight Ticket. Whenever weights are required to be obtained pursuant to this rule, the carrier shall cause to be executed a weight ticket, in the form prescribed by the D.O.T. and such weight ticket shall be maintained by the carrier as part of its record of shipment.

NOTE: For reweighing charges, see SECTION I, ITEM 8.

RULE 32 EXTRA PICK-UP OR DELIVERY

Portions of a shipment may be picked up or delivered at one or more places of origin, destination, or enroute. Charges will be for total weight of entire shipment for total distance via points of pickup or delivery or both from the first point of pickup to final point of delivery. Plus additional service charges applicable to each portion of the shipment. (See Section I). The total charges for picked up or delivered portions shall not, in any case, exceed the total charges as would apply if computed to each portion as a separate shipment.

RULE 33 MILEAGE AND INTERMEDIATE APPLICATION

- a) Except as otherwise provided herein, where rates are based on mileage, the distance, or mileage shall be that shown in Mileage Guide No. 14 Household Goods Carrier's Bureau, Agent, this tariff, supplements thereto and successive issues thereof.
- b) If the shipper requests a longer route than the shortest practical route as shown in the above mentioned Mileage Guide, the mileage over the longer route, as shown therein shall apply.
- c) If transportation rates are not shown herein for actual distance provided in the above mentioned guide, the rate shown for the next greater distance shall apply.

RULE 34 APPLICATION OF MILEAGE RATES

Where cities, towns, or points are partly within the applicable mileage distance between origin and destination, such cities, towns or points will be considered as wholly within such mileage.
